

A MESSAGE FROM THE SEWERAGE AND WATER BOARD

The Sewerage & Water Board of New Orleans is currently performing work in your neighborhood.

Residents and businesses located in a limited section of the Seventh Ward bounded by Florida Avenue, from Peoples Avenue to St. Anthony Street, will experience increased construction activity related to the repair of a 54” sewer main, the wall of the Florida Avenue Canal and an electrical feeder.

During repairs, some residents may experience traffic flow restrictions and high levels of construction and equipment noise.

No one is scheduled to be out of sewer service.

If you have any questions related to this notification, please call 52-WATER (504-529-2837).
