Low Water Pressure (Carondelet, Common, Canal and Bourbon Street)

Residents and businesses on several streets of the CBD will experience low water pressure over night on Monday, June 22, 2015 beginning at midnight until 6 a.m. Tuesday morning, June 23rd.

Boh Brothers Construction Company will be performing tie-ins on two water lines that serve the area.

The areas affected are:

ON	From	TO
Carondelet Street	Gravier Street	Canal Street
Common Street	St. Charles Avenue	Carondelet Street
Canal Street	Bourbon Street	Dauphine Street
Bourbon Street	Canal Street	Conti Street

This work is part of the \$188 million Sewerage & Water Board/FEMA Funded Waterline Replacement Program.
