Low Water Pressure– Elysian Fields Avenue (Between N. Johnson Street and N. Miro Street)

Residents and businesses on Elysian Fields Avenue between N. Johnson Street and N. Miro Street will experience low water pressure from 8 a.m. until 5 p.m. on Monday, November 30, 2015. Durr Heavy Construction Company, working for the Sewerage and Water Board, will be performing a tie-in of a water line that services the area.

We appreciate your patience as we work to improve the City's infrastructure.
