We’re improving your water system- 1100 Florida Avenue

Residents and businesses on 1100 Florida Avenue between Wilshire Street and Tunica Street will experience low water pressure tonight, Friday, January 29, 2016 from 8 p.m. until 12 a.m., midnight. Beverly Construction Company, working for the Sewerage and Water Board, will be performing work on a 12” water line that services the area.

The affected streets will be:

ON	FROM	TO
1100 Florida Avenue	Wilshire Street	Tunica Street

We appreciate your patience as we work to improve the City’s infrastructure.
