Sewerage and Water Board to Conduct Emergency Sewer Repair at Poydras & Convention Center Blvd.

NEW ORLEANS – Sewerage and Water Board (S&WB) announced today that it will be conducting emergency sewer repairs at the intersection of Poydras Street and Convention Center Boulevard.

Eastbound traffic on Convention Center Boulevard will be closed between Poydras and Lafayette Streets. Traffic heading east on Convention Center Boulevard will be detoured to S. Peters Street via Julia Street. Westbound Convention Center Boulevard will be restricted to one lane at Poydras Street.

The repairs began this morning and are estimated to be completed Tuesday evening. S&WB encourages drivers in the area to allow extra time for their commute due to the possibility of increased traffic during the emergency repairs.
