SWB – Rain Event Continues. Pumping Stations Staffed And Fully Operational

Sewerage and Water Board reports that all 24 drainage pumping stations are staffed and fully operational. The New Orleans drainage system is designed to pump one inch of rainfall the first hour and one-half inch of rain thereafter.

.Residents are advised to stay home if you do not have to be on the road. If you must drive, drive slowly so as not to create a wake. .

Again all pumping stations are staffed and operational. The New Orleans drainage system is designed to pump one inch of rainfall the first hour and one-half inch of rain thereafter.
