Sewer Manhole Smoke Test (900 block of Gravier St.)

Residents and businesses in the 900 block of Gravier Street between Baronne Street and O'Keefe Street are advised that Sewerage and Water Board crews will be conducting smoke test of the sewer line in the area.

The smoke test will identify any defects that exists in the sewer main or individual service connections. The smoke that may be seen coming from vent stacks or holes in the ground is non-toxic, harmless, has no odor and creates no fire hazard.

The smoke test will be conducted on Wednesday, June 10, 2015 from 8:30 a.m. to 10:30 a.m.

Water and sewer service will not be interrupted. Motorists may expect slower traffic flow through the work zone.
