TRAFFIC ADVISORY

Beginning Wednesday, November 28, 2012 at 3:00 P.M., the eastbound lanes of South Claiborne Avenue between Burdette Street and Pine Street will be detoured to the westbound side of South Claiborne Avenue until March of 2013 as part of the first phase of construction of a new drainage canal associated with the South Claiborne Avenue Phase II Project administered by the Corps of Engineers and the Sewerage and Water Board of New Orleans.

This phase of construction will consist of reconstructing the covered drainage canals that merged together at the intersection of Lowerline Street and South Claiborne Avenue.
