We're Improving Your Drainage System – CBD, Lower Ninth Ward, French Quarter, Mid City and Gentilly Areas

Sewerage and Water Board crews will be performing a test closure on a 48" water main.

Residents and businesses in several different sections of the city may experience low water pressure on Thursday, August 18, 2016 from 6 a.m. to 12 noon. We would appreciate it if customers who are affected would call the Sewerage and Water Board at 52WATER (529-2837) to report low water pressure.

We appreciate your patience as we work to improve the City's infrastructure.

****Please note that all scheduled work may change due to unforeseen circumstances such as weather delays. A link to our website that included our latest press releases is attached for your convenience.**
