We're Improving Your Water System – Emergency Waterline Work - Lower Ninth Ward

Sewerage and Water Board crews will perform emergency work on a large water main that serves the Lower Ninth Ward.

Residents and businesses in the Lower Ninth Ward are not expected to experience low water pressure during the work that will occur on Wednesday, September 28, 2016 from 4 p.m. until 6 p.m. However, if you experience pressure loss while this work is being performed, please phone our Telephone Center at 52-WATER(529-2837).

This work is part of the \$119 million SELA Florida Avenue Canal Phase 2-3 Drainage Project.

We appreciate your patience as we work to improve the City's infrastructure.

****Please note that all scheduled work may change due to unforeseen circumstances such as weather delays. A link to our website that included our latest press releases is attached for your convenience.**
