Traffic Advisory – Broadway Street between Green and Plum streets  
Uptown University Area

Residents, businesses and motorists are advised that the riverbound side of Broadway Street between Willow and Plum streets, and the riverbound side of Broadway Street between Green and Birch streets will be undergoing paving restoration starting at sunrise on Saturday, October 24, 2015 through sunset Sunday, October 25, 2015.

Contractors working for the Sewerage and Water Board will perform surface restorations to last week’s water line repairs. Remaining work includes street surface removal and asphalt overlay. The asphalt layer will need 24 hours to set to ensure a complete restoration. Full lane closures on the riverbound side of Broadway Street will expedite the restoration process in anticipation of inclement weather next week.

**Affected Streets:**

<b>ON</b>	<b>FROM</b>	<b>TO</b>
Broadway Street (Riverbound)	Willow Street	Plum Street
Broadway Street (Riverbound)	Green Street	Birch Street

We appreciate your patience as we work to improve the city’s water infrastructure.
